## Softworks

Softworks makes it easy for Public Sector organisations to manage employee hours, flexitime, time in lieu, holidays and planned and unplanned absences. We can assist you to streamline internal processes, reduce administration, generate reports and encourage employee self-service. Softworks Workforce Management Solutions can empower you to;

- Accurately record hours worked; maintain flexi balances, time in lieu and manage planned/unplanned absences.
- Automate the cycle of workforce administration from staff induction to rostering and right through to payroll authorisation.
- Optimise workforce scheduling and deployment by aligning labour resources with demand.
- Ensure compliance with working time legislation and health & safety requirements.
